

**Policy 5030: Student Wellness**

**Status:** ADOPTED

**Original Adopted Date:** 07/18/2006 | **Last Revised Date:** 07/13/2022 | **Last Reviewed Date:** 07/13/2022

The Board of Trustees recognizes the link between student health and learning and desires to provide a comprehensive program promoting healthy eating and physical activity for district students. The Superintendent or designee shall coordinate and align district efforts to support student wellness through health education, physical education and activity, health services, nutrition services, psychological and counseling services, and a safe and healthy school environment. In addition, the Superintendent or designee shall develop strategies for promoting staff wellness and for involving parents/guardians and the community in reinforcing students' understanding and appreciation of the importance of a healthy lifestyle.

**School Wellness Council**

The Superintendent or designee shall encourage parents/guardians, students, food service employees, physical education teachers, school health professionals, Board members, school administrators, and members of the public to participate in the development, implementation, and periodic review and update of the district's student wellness policy. (42 USC 1758b; 7 CFR 210.30)

To fulfill this requirement, the Superintendent or designee may appoint a school health council or other district committee whose membership shall include representatives of these groups. He/she also may invite participation of other groups or individuals, such as health educators, curriculum directors, counselors, before- and after-school program staff, health practitioners, and/or others interested in school health issues.

The Superintendent or designee may make available to the public and school community a list of the names, position titles, and contact information of the wellness council members.

The wellness council shall advise the district on health-related issues, activities, policies, and programs. At the discretion of the Superintendent or designee, the duties of the council may also include the planning, implementation, and evaluation of activities to promote health within the school or community.

**Goals for Nutrition, Physical Activity, and Other Wellness Activities**

The Board shall adopt specific goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. In developing such goals, the Board shall review and consider evidence-based strategies and techniques. (42 USC 1758b; 7 CFR 210.31)

Every day of the school year during morning school announcements use the Daily Scoop of Good Nutrition News from Lean and Green Kids district-wide. Promote and encourage use of Harvest of the month in school lunch meals and menus. Each Fall, hold Rethink Your Drink assembly for students at both school sites, as well as weekly lessons provided by a Garden Educator on food and gardening at the elementary school. District-wide mental health focus themes bi-monthly. Availability of Outreach Consultant, Counselors, Programs Specialists to provide services and regularly monitor student needs.

All students shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education and recess and may also be provided through school athletic programs, extracurricular programs, before- and after-school programs, summer learning programs, programs encouraging students to walk or bicycle to and from school, in-class physical activity breaks, and other structured and unstructured activities.

The district's nutrition education and physical education programs shall be based on research, shall be consistent with the expectations established in the state's curriculum frameworks and content standards, and shall be designed to build the skills and knowledge that all students need to maintain a healthy lifestyle.

The nutrition education program shall include, but is not limited to, information about the benefits of healthy eating for learning, disease prevention, weight management, and oral health. Nutrition education shall be provided as part of the health education program and, as appropriate, shall be integrated into other academic subjects in the regular educational program, before- and after-school programs, summer learning programs, and school garden programs.

To reinforce the district's nutrition education program, the Board prohibits the marketing and advertising and selling of non-nutritious foods and beverages through signage, vending machine fronts, logos, scoreboards, school supplies,

advertisements in school publications, coupon incentive programs, free giveaways, or other means.

The Board may enter into a joint use agreement or memorandum of understanding to make district facilities or grounds available for recreational or sports activities outside the school day and/or to use community facilities to expand students' access to opportunity for physical activity.

\*All school nutrition program directors, managers, and staff will meet the hiring and annual continuing education/training requirements stipulated in the USDA Professional Standards for Child Nutrition Professionals. These school nutrition personnel will refer to USDA's Professional Standards for School Nutrition Standards website to search for training that meets their learning needs.

The Superintendent or designee shall disseminate health information and/or the district's student wellness policy to parents/guardians through district or school newsletters, handouts, parent/guardian meetings, district school websites, and other communications. Outreach to parents/guardians shall emphasize the relationship between student health and academic performance.

In order to ensure that students have access to comprehensive health services, the district may provide access to health services at or near district schools and/or may provide referrals to community resources.

The Board recognizes that a safe, positive school environment is also conducive to students' physical and mental health and thus prohibits bullying and harassment of all students, including bullying on the basis of weight or health condition.

The Superintendent or designee shall encourage staff to serve as positive role models for healthy eating and physical fitness. He/she shall promote work-site wellness programs and may provide opportunities for regular physical activity among employees.

#### **Nutrition Guidelines for All Foods Available at School**

For all foods and beverages available on each campus during the school day, the district shall adopt nutrition guidelines which are consistent with 42 USC 1773, and 1779 and federal regulations and which support the objectives of promoting student health and reducing childhood obesity. (42 USC 1758b)

[\\*The cafeterias are cashless-all students, regardless of the type of payment they make for school meals, or the food being purchased \(meal or la carte\) are given a code to enter at the cash register.](#)

In order to maximize the district's ability to provide nutritious meals and snacks, all district schools shall participate in available federal school nutrition programs, including the National School Lunch and School Breakfast Programs and after-school snack programs, to the extent possible. When approved by the California Department of Education, the district may sponsor a summer meal program. All foods sold at schools will follow California Competitive Food Rules (listed on [Competitive Foods Quick Reference Cards-Public Schools](#)) USDA Smart Snacks guidelines and Assembly Bill 626 standards. Foods that are brought in for birthday parties and celebrations will also fall under these guidelines. Classroom parties will take place no more than once a month.

The Superintendent or designee shall provide access to free, potable water in the food service area during meal times in accordance with Education Code 38086 and 42 USC 1758, and shall encourage students' consumption of water by educating them about the health benefits of water and by serving water in an appealing manner.

The Board policy is that all foods and beverages served or offered (for sale) to students at district schools, including those available outside the district's food services program, should support the health curriculum and promote optimal health. Nutrition standards adopted by the district for foods and beverages provided through student stores, vending machines, or other venues will meet or exceed state and federal nutrition standards.

The Superintendent or designee shall encourage school organizations to use healthy food items or non-food items for fundraising purposes. He/she also shall encourage school staff to avoid the use of non-nutritious foods as a reward for students' academic performance, accomplishments, or classroom behavior.

School staff shall encourage parents/guardians or other volunteers to support the district's nutrition education program by considering nutritional quality when selecting any snacks which they may donate for occasional class parties. Class parties or celebrations shall be held after the lunch period when possible.

## **Program Implementation and Evaluation**

The Superintendent or Director of Expanded Learning and Wellness shall be responsible for ensuring that the wellness policy is implemented throughout district schools. Compliance shall be established with district wide nutrition and physical activity policies. At each school, the school administrator shall ensure compliance.(42 USC 1758b)

The Superintendent or designee shall assess the implementation and effectiveness of this policy at least once every two-three years by reviewing the latest national recommendations pertaining to school health and will update the wellness policy accordingly.

The assessment shall include the extent to which district schools are in compliance with this policy, the extent to which this policy compares to model wellness policies available from the U.S. Department of Agriculture, and a description of the progress made in attaining the goals of the wellness policy. (42 USC 1758b)

The Board and the Superintendent or designee shall establish indicators that will be used to measure the implementation and effectiveness of the district activities related to student wellness. Such indicators may include, but are not limited to:

1. Descriptions of the district's nutrition education, physical education, and health education curricula and the extent to which they align with state academic content standards and legal requirements
2. An analysis of the nutritional content of school meals and snacks served in all district programs, based on a sample of menus and production records
3. Student participation rates in all school meal and/or snack programs, including the number of students enrolled in the free and reduced-price meals program compared to the number of students eligible for that program
4. Extent to which foods sold on campus outside the food services program, such as through vending machines, student stores, or fundraisers, comply with nutrition standards
5. Results of the state's physical fitness test at applicable grade levels
6. Number of minutes of physical education offered at each grade span, and the estimated percentage of class time spent in moderate to vigorous physical activity  
  
Number of minutes eating recommended by the California Department of Education is 20 minutes.
7. A description of district efforts to provide additional opportunities for physical activity outside of the physical education program
8. A description of other district wide or school-based wellness activities offered, including the number of sites and/or students participating, as appropriate

The Superintendent or designee shall invite feedback on district and school wellness activities from food service personnel, school administrators, the school health council, parents/guardians, students, teachers, before- and after-school program staff, and/or other appropriate persons.

As feasible, the assessment report may include a comparison of results across multiple years, a comparison of district data with county, statewide, or national data, and/or a comparison of wellness data with other student outcomes such as academic indicators or student discipline rates.

The Superintendent or designee shall inform and update the public, including parents/guardians, students, and others in the community, about the content and implementation of this policy and assessment results. (42 USC 1758b)

In addition, the assessment results shall be submitted to the Board for the purposes of evaluating policy and practice,

recognizing accomplishments, and making policy adjustments as needed to focus district resources and efforts on actions that are most likely to make a positive impact on student health and achievement.

**Posting Requirements**

Each school shall post the district's policies and regulations on nutrition and physical activity in public view within all school cafeterias or in other central eating areas. (Education Code 49432)

Each school shall also post a summary of nutrition and physical activity laws and regulations prepared by the California Department of Education.
